Funded by EU & implemented by UNIDO

NEWSLETTER APRIL 2023

Funded by the European Union

A Need-based Metrology System in Armenia for Trade Competitiveness and Industrial Development

April 28, 2023 - "Support to Quality Infrastructure in Armenia" project funded by the European Union (EU) and implemented by the United Nations Industrial Development Organization (UNIDO) and the Ministry of Economy of the Republic of Armenia (RA) jointly organized a "Validation Workshop on Metrology Needs Assessment" with participation of around 50 representatives from public and private sector.

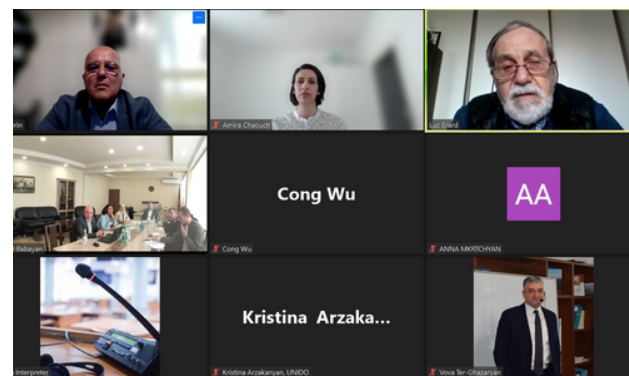

The workshop aimed at presenting national stakeholders the key findings, gaps and recommendations of legal and industrial metrology needs assessment and sought their validation of the proposed development plan.

Leading International Metrology Document Translated into Armenian

UNIDO supported the translation of the OIML D 1 Edition 2020 (E) "National metrology systems – Developing the institutional and legislative framework" from English into Armenian in the framework of the "Support to Quality Infrastructure in Armenia" project funded by the EU.

The translation of the Document was undertaken upon the request of the Ministry of Economy of Armenia and the National Body for Standards and Metrology (NBSM), Armenia's National Metrology Institute.

Public and Private Sector Learned the Results of Needs Assessment Survey

April 12 and 13, 2023 - UNIDO organized a metrology needs assessment workshop in the format of 2 video conferences, one for the Government and the other one for private sector representatives.

More than 20 people followed the presentations of UNIDO experts through telecommunication. Experts presented the survey related to needs assessment methodology, as well as findings and gaps in industrial, and legal metrology, followed by an online discussion with the participants.
